Product Registration Inlicensing and Market Partnership Brief

Non-confidential first-contact form English Version 1.0 25 October 2026

Use this form to describe the product and cooperation opportunity so the next review can focus on the relevant questions. Share only non-confidential information and mark unknown items as unverified. The Chinese section mirrors the English section; complete either language.

Organization and contact

Organization, website, business contact and work email. Explain your organization’s role in the project.

填写 / Response: _____

_____

Product and project stage

Product or portfolio, generic name if public, dosage form, and development or registration stage. Distinguish known facts, plans and unverified information.

填写 / Response: _____

_____

Public status and evidence date

For public approval or registration claims, give the relevant market, official record link or public identifier, and date checked. Do not attach unpublished dossiers; state clearly when a record is unavailable.

填写 / Response: _____

_____

Target market and timing

Country or region, current market-entry stage, and the window for a discussion or next decision.

填写 / Response: _____

_____

Cooperation Scope and Next Discussion

Relationship and discussion scope

Summarize the relationship to the product or rights holder. Describe products, territories or rights only within your authority to discuss them. Mark unconfirmed scope for review. Do not attach licence agreements.

填写 / Response: _____

_____

Cooperation objective and market contribution

Are you exploring in-licensing, registration collaboration, a market partnership or another model? Outline your proposed role and public market channels or resources, without customer lists, confidential prices or contract terms.

填写 / Response: _____

_____

Gaps and first-review questions

List the main questions, public evidence links and the next decision sought from the first discussion. The outcome may be clarification, an agreed confidentiality pathway or no further action.

填写 / Response: _____

_____

Before sending

Confirm that unverified points are labelled and remove patient information, personal identification, formulations, processes, unpublished dossiers, licence agreements and other confidential material.

This form supports a non-confidential first discussion. It is not a quotation, cooperation commitment, regulatory opinion or confirmation of supply, transferable rights or approval in any market. A public catalogue or drug record does not establish those matters.

Submit a summary through the website form, or voluntarily send this completed form to the business email.
